Reading with Mobile Devices

For reading enjoyment on the go, Zinio magazines can also be viewed on mobile devices by downloading one of Zinio's mobile apps on iOS™, Android™, and Kindle Fire™/HD/HDX.

Mobile apps require a downloaded edition of the magazine. Access your app store directly or from the links provided on the library collection page or on the Zinio.com footer page.

The Kindle Fire app requires enabling your device to accept apps from "other" non–Kindle Store sources. Kindle Fire/HD/HDX install instructions are in the Zinio.com HELP tab.

Note: Zinio apps are for reading only. You must use a browser and return to your library collection page to check out additional magazines.

For additional help, visit the information desk or click on the **?** icon on our library collection page.
